## GRENFELL.

—J. W. Jones met with the painful  
accident of spraining his ankle in a  
fall from a horse on Saturday 3rd  
inst.—Mrs. Anderson is visiting friends  
at Grenfell, where she expects to be  
shortly joined by her husband, Sheriff  
Anderson.Mr. Richardson, our popular mem-  
ber of the Legislative Assembly,  
came down from the Capital to spend  
Sunday last (the 4th).—The merchants and others are  
feeling the good season already,  
in a large increase in their business,  
and can scarcely wait on the custom-  
ers.—Several new buildings have been  
erected during the summer. Grain  
Warehouse, Agricultural Hall and  
private dwellings. Mr. D. J. Swit-  
zer is now erecting a large dwelling  
in the north part of the town.—The cheese factory has closed  
after a very profitable season.  
The cheese from this factory has be-  
come the favorite on the Vancouver  
market. Another large shipment left  
for the coast this week, the last of  
the season.—A new threshing machine and  
horse power was unloaded at  
the station on Saturday, 3rd inst.,  
for Messrs. Skrine & Tyron. There  
are likely to be two more machines  
follow this one, as the machines in  
the district this year are not able to  
thresh the fine crops.

## INDIAN HEAD.

—To "H. H. C." we reply that  
THE PROGRESS does not complain  
because the Journal got a copy of  
the Indian Head agricultural prize  
winners, but because our reporter  
was not allowed the same privilege.

To the Editor of The Progress:

Dear Sir. As the question of  
Prohibition will have sooner or later  
to be settled by the voice of the  
people, it is the duty of every one  
to look into the question and determine  
which will do the greatest amount of good to the greatest number  
of people, license to sell  
intoxicating drinks or Prohibition.The admittance of strong drink into  
the Territories would only benefit a  
very few and those few the men  
who sold it, and the pecuniary benefit  
they might realize would be over-balanced by the disadvantages  
and evils arising from the traffic.  
Ever since the granting of "4 per  
cent" licenses some of those who  
were undecided on the question,  
have been watching closely how the  
thing would work and now after a  
fair trial has been given to the system,  
it has been "tried in the balance  
and found wanting." Not one  
good point has been scored in its  
favor, but on the contrary much  
evil has been the result. A large  
quantity has been consumed and  
much hard earned money sent out  
of the Territories for no benefit  
whatever to the consumers.One thing, however, it has done  
and that is to reveal the fact that  
the inclination of many of those  
who use "4 per cent" is to misuse  
it. Moderation is a thing unknown  
to them, and they have proved that  
self-control is a virtue they do not  
possess, and that if the craving is so  
great that they will drink this "mild  
delusion" until all self-respect and  
mannishness is gone, in how much a  
greater degree will the evil be magnified  
if strong drink be admitted.With admittance of strong drink  
will come extra police, "lock-ups"  
and lunatic asylums, for the scenes  
even in this little town since the  
advent of "4 per cent" would justi-  
fy the introduction of these three  
extras.Hoping that the people  
will unite and keep out the harmful  
thing, I am

Yours Faithfully,

ON THE WATCH.

LESLIE GORDON,  
Administrator.

a very neat and cosy appearance.—The meeting called for Friday,  
Nov. 2nd, to consider the advisability  
of forming a branch of the  
North-West Prohibitory Alliance,  
met, considered, discussed and  
formed a branch. P. K. Lyon, Pres-  
ident; R. Todd, Vice President; G.  
Bulstrode, Sec.-Treasurer.—On Friday, Nov. 9th, a very  
enjoyable time was spent by old and  
young at the school house, singing,  
reciting, music and dancing, eating  
and drinking. Committees were  
formed and everything put in shape  
for getting up a public school enter-  
tainment, two weeks from date. To  
consist of program, refreshments and  
"trip the toe." Come one, come all.—The annual school meeting and  
election of trustees, took place in  
the school house on Tuesday, Nov.  
6th, and A. Klyne was re-elected  
trustee. At the close of the school  
meeting, Farmer's Union and several  
other subjects were discussed and  
an adjournment made until Friday,  
Nov. 9th, at 19 o'clock, when a  
basket sociable will be held and the  
opinion of the ladies of the district  
obtained on public school entertain-  
ment, debating society and several  
other important questions.

## CRESCENT LAKE.

—Our late school mistress intends  
going to prepare for a third class  
certificate.—Wolves have been doing dam-  
age around here. Some of Mr. J. L.  
Moore's sheep have been devoured  
by them.—Several of the settlers intend  
visiting friends in Ontario, Miss Ag-  
gie Murray and her brother being  
the first to leave.—Our enterprising school trustees  
have let the building of their frame  
schoolhouse and intend having it  
ready for opening of school next  
spring.—We had a visit last week from  
Sergt. Rice and a private of the N.

held here. F. Salisbury was presid-  
ing magistrate.—Once more winter is upon us  
and there is nothing to disturb the  
quiet monotony of our settlement  
but the preparations for keeping  
stock for the winter.THE GLOBE'S CHRISTMAS  
NUMBER.Among the souvenirs of the com-  
ing Christmas season none will rank  
with the forthcoming Christmas  
Globe, a publication on which will  
be lavished the resources of the artis-  
tic, literary and mechanical skill  
of the Dominion. There will be  
thirty-six pages, of the size of the  
Illustrated London News, printed  
from new type, on the very finest  
paper, and bound in a handsome  
illuminated cover. All the literary  
matter has been prepared expressly  
for this number, and includes con-  
tributions from the ablest pens in  
the country. There will be a profu-  
sion of pictures, illustrating the  
stories and sketches, and also three  
very fine colored pictures, the prin-  
cipal one a copy of Mr. L. R.  
O'Brien's picture of Vancouver  
Park, British Columbia. Orders  
for this paper should be placed  
early, as the price is only twenty-  
five cents, and there is certain to be  
an enormous demand. Orders may  
be given through any newsdealer or  
by sending to The Globe direct.—Whoso looketh into the perfect  
law of liberty," findeth not thereby  
any indicatiōn of any licence or lib-  
erty to place occasion to stumble, and  
fall, and perish, in a brother's or fel-  
low-being's way—no admission that  
one may be free to do for personal  
gratification, gain, or pleasure, that  
which materially militates against  
the safety, the legitimate business,  
or the rightful enjoyment of the  
members of society—all really only  
free by being thus mutually, advan-  
tageously, blessedly bound to res-  
pect each other's liberty and welfare.

## The Legislature.

Monday, Nov. 5.

Mr. Speaker occupied his seat to-day just fifteen minutes during which the following business was gone into.

Mr. Cayley read a petition from 300 settlers of Calgary, asking for a bridge over the Bow river at a point seven miles below the town. It was referred to the Advisory Board.

Mr. Hoey moved, seconded by Mr. Plaxton, that the drafting of an address in reply to His Honor's speech be referred to Messrs. Cayley, Ross, Tweed, the mover and seconder.

Mr. Thorburn pointed out that Eastern Assiniboia was not represented in this committee, and suggested the name of Mr. Neff. Mr. Neff's name being added, the motion carried.

House adjourned.

Most of the committees have now settled down to work.

The select committee on rules had a discussion on the matter of asking questions of the administration. In Mr. Dewdney's regime questions were frequently asked of him by the members from their seats, but under the present system there is no provision for anything of the kind. A rule will be inserted covering this question and will come up for discussion in the Assembly on Thursday.

The committee on Municipal Law have already done some heavy work. A long session was held yesterday, at which a considerable part of the consolidated municipal ordinance was considered.

On the qualification clause, Mr. Tweed urged that sheriffs, deputy-sheriffs and clerks of the court should be qualified to be elected as councillors. This met with opposition from the committee but it was finally decided to allow deputy-sheriffs the qualification.

Some discussion took place on the voter's qualification clause, which was amended on the motion of Mr. Sutherland and Mr. Richardson, so as to give the qualification to unmarried women owning the necessary property. (\$200).

A discussion also took place on the licensing of boarding houses. Mr. Betts, of Prince Albert, brought up the matter and contended that private boarding houses accommodating three or more boarders should be compelled to pay the license, while Mr. Sutherland urged that the widows and others in meagre circumstances, who took in lodgers for a living, could not afford to pay the license levied on their larger and public competitors.

On the other hand Mr. Betts urged that the large boarding houses which paid for a license had a right to be protected, and that it was these small boarding houses that took the business away from them.

After the point had been discussed well by Messrs. Ross, Davidson, Richardson and Second, Mr. Betts was finally prevailed upon to agree that the number of boarders necessary for a license should be more than four.

The committee adjourned shortly after 5 o'clock.

Regina, Nov. 6.

The Speaker took the Chair at 14.10. The following petitions were presented: One by Turriff from the district of Alameda regarding glanders, praying the council to grant compensation to those who have lost stock thereby; Davidson, asking an appropriation of \$75 for roads and bridges for improving the main highway; by Davidson, from settlers on Six Mile Creek, section 14, township 19, praying for a bridge, etc.; by Davidson, from the taxpayers of township 19, range 14, praying for a grant for the purpose of building a dam across the coule between sections 14 and 15, township 19, range 14; by Reaman, from the settlers of Kamsilk, praying for an appropriation of \$150 for a ferry across the river on section 18, township 29, range 31, west of the first principal meridian; by Reaman, from the settlers of Kinbrig, Churchbridge, Summer and surrounding country, praying for an appropriation of \$200 for the improvement of the public highway.

Haultain raised a point of order with regard to the manner of receiving petitions. He thought the practice as laid down by Bourinot should be followed. He was proceeding to discuss the question when he was interrupted by Cayley, who claimed that no member had a right to discuss a question of order. Haultain claimed that petitions praying for money should not be received before being passed upon by the Crown.

Speaker—I think the House should receive the petitions and then deal with them as they see fit. I think it is perfectly in order to do so.

Judge Richardson on behalf of the legal experts, presented a report stating that in the opinion of the legal experts it is perfectly competent for the Assembly to deal with contested election cases.

Cayley moved that the report be received and referred to the committee on privileges and elections.

Cayley, from the committee appointed to draft an address in reply to the speech from the throne, presented the following as a draft of the reply.

To His Honor, the Lieutenant-Governor:

May it please Your Honor,

We, the members of the Legislative Assembly of the Northwest Territories, congratulate Your Honor on your having come amongst us at this time as the representative of Her Majesty. Your Honor's career in the past affords us the best assurance that you will discharge your high and important duties as constitutional governor.

We thank Your Honor for the intimation you have given us that in your opinion the present assembly is to be considered a progressive step towards full responsible government. Our earnest hope and desire is that our present power will, before next session, be so far extended as to give a full measure of responsible government, which we believe the country desires. We trust that the recommendation we may submit on this subject will be favorably entertained by the Dominion Government.

We believe that the revision and consolidation of the ordinances which your committee has accomplished, and which it will be our duty to embody in our legislation, will be of great service to the Territories, and will aid for our most conscientious efforts.

The matter of present legislation in regard to prairie fires is one which called for the attention of the old council and will necessarily engage ours. The annual loss to the Territories from prairie fires is exceedingly large, and it is to be regretted that we observe the registration provisions of the past to have proved unsuccessful. It is our opinion that Dominion legislation on the subject for the protection of prairie against sparks from locomotives is to be desired. We cordially recognize the assistance given by the police in the past in the suppression of prairie fires, and we believe their services might become even more eminent by special arrangements which might be made to that end, which arrangements the Assembly propose to recommend.

We are glad that a bill on vital statistics will be submitted. We believe that much good will arise in the direction pointed out by Your Honor.

We heartily concur with Your Honor in the admiration of success which has attended the Indians of the Northwest in agricultural pursuits.

Immigration, which has attracted so much attention through the Dominion during the past year, has led to the formation of a standing committee on agriculture and immigration. These committees we are glad to learn will have Your Honor's hearty co-operation in the important subjects under which they deal. We earnestly hope Your Honor will sit fit to make preparation for the establishment of immigration agencies.

The cause of temperance is one we are glad to learn Your Honor proposes to deal with. It is one which the present laws of the Territories do not deal with. Any resolution or representation which the Privy Council may feel called upon to make law, it is our earnest hope will be with a view to temperance and the moral interests of the community.

We will be gratified for a statement of the receipts and expenditure of the general revenue fund which Your Honor has graciously promised to lay before us, as well as for interim estimates for the year ending 1888-9.

It is our earnest hope that our efforts will be in the direction of effective legislation.

In conclusion we thank Your Honor for your most gracious message.

Cayley moved the council into committee of the whole on the address, which was read as a whole, reported without amendment and the report adopted and ordered to be engrossed and presented to the Lieutenant-Governor by the following named committee: Haultain, Tweed and Cayley.

Haultain reported from the civil justice committee respecting the revised ordinance. He moved their reference by chapters to the various standing committees, having power to deal with the different subjects. Carried.

The assembly then adjourned.

Regina, Nov. 7.

The Assembly met to-day at 14.10. Immediately after the clerk read the journals Richardson said: Before the minutes are approved of I would ask that the portion referring to the report of the experts yesterday be expunged. The moment the report is submitted to the

Assembly it becomes public property.

Davidson—It would be necessary to amend the minutes.

Richardson—It was a resolution, not a report.

Second—I do not think it was referred to that committee.

Richardson—I do not think it was necessary to refer it to a committee.

Cayley—I would like to see Haultain's original motion referring it to a committee.

Haultain—I am not aware of having made any motion at all. (Laughter.)

An honorable member—There is no doubt a motion was made to refer it to that committee.

Tweed—The motion was made by the honorable member for Calgary himself.

Richardson—Well, suppose the resolution was turned up, then I should ask the same thing that these words be expunged.

The minutes were accordingly amended.

Betts moved, seconded by Thorburn, that the names of Mitchell and Neff be added to the committee on schools.

Richardson—Anything further on the paper?

Speaker—No.

Richardson—On being told by you in answer to a question as to whether anything further is on the order paper, you say no, I rise to suggest an adjournment. The reason is that we have arrived at the third day of the week. We have a good deal of work for committees to do so that the Assembly might adjourn until Monday. It strikes me that my proposal will meet with favor. We might, as it were, abandon the chambers to committees to work the whole day, morning, noon and evening, or morning and afternoon, to enable us to go through with the work. I would, therefore, move that in order to enable several standing committees to advance their work as no pressing business stands ready for the consideration of the Assembly, that when this house adjourns it stands adjourned until Monday next.

Cayley—I will second the adjournment till Monday.

Richardson—I may state for the information of the members that the legal experts will be at the courthouse from 10 to 12 every morning to attend to their duties.

Davison—I would like a little light on the subject. I would like to know if it is the intention of members to work in committee, or skip out until Monday, leaving the work on hand to a few.

Ross—There will be a little danger. The only danger will be from Davidson and myself. (Laughter.)

The Assembly then adjourned until Monday.

Regina, Nov. 12.

The Speaker took the Chair at the usual hour and the Clerk read the journals of last Wednesday's proceedings, which were approved.

Mr. Turriff presented a petition from the settlers of the Sarsis district, praying for a grant of \$400 to be expended in improving and grading roads in that section. He moved, seconded by Ross, it be referred to the advisory board. Carried.

Mr. Turriff presented a memorial from the Northwest Prohibition Alliance, which was on motion received. (The memorial was in the form of the resolution appearing in report of the Alliance meeting in other columns of THE PROGRESS.)

Mr. Reaman presented a petition from the settlers at Cut Arm Creek praying for aid in improving roads there. He moved, seconded by Jelly, that it be referred to the advisory board. Carried.

Mr. Second presented a petition praying for the erection of a bridge opposite section 34, also for the erection of a bridge on the road allowance between sections thirty-three and thirty-four; also for a subsidy for plowing and harrowing a road, eight feet wide, on the road allowance, from north to south, and for the erection of bridges west of section 31, township 16, range 18, west of the second meridian. He moved, seconded by Jelly, that it be referred to the advisory board.

The assembly then adjourned.

Regina, Nov. 7.

The Assembly met to-day at 14.10. Immediately after the clerk read the journals Richardson said: Before the minutes are approved of I would ask that the portion referring to the report of the experts yesterday be expunged. The moment the report is submitted to the

standing committee on civil justice that the standing committee on agriculture have considered a report on chapters 9, 10, 12, 15, 16, 21, 23, 46, 50, 53 of the revised ordinances and they recommended consideration of the same in committee of the whole house; and they further recommended that Lineham, member for Calgary, be added to the civil justice committee.

Cayley moved the adoption of the report, which was carried. He also moved the house into committee of the whole to consider the chapters mentioned in the report of the civil justice committee. Turriff in the Chair.

The committee proceeded to the consideration of chapter 9, statute labor. This ordinance was amended in committee, making the limit of distance to which persons are required to go to do statute labor four miles. Some verbal alterations were made and the ordinance passed.

Chapter 10, entitled an ordinance respecting fire-districts, was adopted after some verbal amendment. At this stage Judge Richardson moved that the committee rise and report progress and the chapters be referred to the committee on civil justice. The chairman said there were other chapters to consider before the committee arose. Considerable time was spent in committee on chapter 12, respecting fences. After some important amendments were made, the ordinance was referred to the legal experts for further consideration.

Chapter 15, entitled an ordinance respecting stallions, was next considered. Chapter 16, respecting sheep, also passed. Chapter 20, respecting prairie fires, was considered, discussed and postponed for further consideration. Chapter 21, respecting the Canadian thistle, was adopted without amendment. Chapter 23, entitled an ordinance respecting agricultural societies was adopted without amendment. Sutherland moved that chapter forty-six be repealed. This ordinance refers to certain property exempt from seizure in the Territories. Considerable discussion occurred on this ordinance. Sutherland, Clinkskill and others contending that the exemptions were too great. No important amendments were made and the ordinance was adopted. Chapter 53 was under consideration when the committee rose and reported progress and asked leave to sit again.

Ross moved, seconded by Clinkskill, that an humble address be presented to the Lieut.-Governor praying that copies of correspondence with the Governor-General respecting memorials and resolutions passed last session by the North-West Council, be laid before the Assembly.

Jelly moved that Ross's name be added to the committee on privileges and elections. Dr. Brett's name was added to the education committee. Reaman's name was also added to the committee.

Ross moved that the petition against the return of Hillyard Mitchell be referred to the committee on privileges and elections. Carried.

Hoey introduced a bill for the protection of outside municipalities. The bill was read a first time; second reading to-morrow. Meantime it was referred to the committee on miscellaneous matters. The House then adjourned.

## PROVINCIAL PROGRESS.

Increased Acreage of Fall Plowing—Progress in Many Towns—General News.

### CLEARWATER.

More Fall Plowing—New Elevator Completed—General News.

CLEARWATER, Nov. 9.—Messrs. Hughes and Petit have taken hold of the grist mill here, and are about to put in rollers. This property for milling purposes, being close to an unlimited supply of both water and timber, is second to none in the province, and with the necessary improvement in machinery will be a capital business. Mr. Hughes is also engaged in the implement business. W. Lord has commenced the shoemaking business in town.

The new elevator erected by Mr. Rogers is now completed, and grain is coming in freely, \$1 to \$1.00 being paid for wheat.

Mr. Todd is now relieving Mr. Lowry at the C. P. R. depot.

Farmers are all busy threshing and plowing. The coming spring will see a much greater acreage under crop, farmers having determined to raise as much wheat as possible while prices are up.

On Sunday morning a sermon will be preached by our incumbent, Rev. W. Walton, pastor of the Winnipeg general hospital, who goes are flying around here in great numbers. They appear to be congregating at Rock Lake previous to their departure for respite.

Several jumping deer have already been shot by little Archie McCordale, Bissett and Thompson.

Politics are again freely discussed, Mr. Conaway's constituents being much disappointed at the result of the alleged liberal defeat.

### BIRTE.

Missionary Meeting—More Fall Plowing—Indians Market Wheat.

BIRTE, Nov. 8.—Farmers are still plowing the thin layer of snow having protected the ground from frost. During the present already plowed, a much greater acreage will be under cultivation next season than this. Threshers report grain turning out much better than was expected.

The Sioux Indians of the Bird Tail Reserve are teaming in large quantities of No. 3 grain, for which they receive 95 cents to \$1.00 per bushel.

On Tuesday evening a missionary meeting was held in the Presbyterian church. Mr. Stalker, of Gladstone, dealt minutely with the foreign and Indian mission work of his church, and Dr. Robertson, in a humorous speech bristling with statistics and facts described the French and home mission work, and ably urged the people to liberally support the educational interests of the church in Manitoba.

### MOOSOMIN.

Unlikely Settlement With the Northwest Land Co.

MOOSOMIN, Nov. 9.—A scheme has been set on foot to erect a spacious public hall by a joint stock company.

Our school trustees have made an amicable settlement with the Northwest Land Co. on the matter of taxes on the company's property.

Many houses of various dimensions have been erected here during the summer. The future of Moosomin looks bright.

### SHELL RIVER.

Grain Left Uncut—The Grist Mill.

SHELL RIVER, Nov. 9.—A great deal of grain has been left uncultivated through this district, principally wheat. Barley and oats will be the only grain marketed here worth naming.

Mitchell & Bucknell, of Millwood, have a staff of men now at work in the bush, also trying hard to get more men. They are anxious to make the largest haul this winter they have yet made. Their fine new mill will be something of great importance to the farmers here. They are now working.

### CARBERY.

Mental Culture to be Sought—Curling Club.

CARBERY, Nov. 8.—Recognizing the educational culture, the young people of the town on Tuesday evening last formed the Carbery Literary society. The officers include: President, Rev. D. Anderson; 1st vice-president, Rev. Mr. Chegog; 2nd vice-president, Wm. Dickie; secretary-treasurer, W. F. Erskine, teacher; committee on by-laws and constitution—J. Smale, N. Dickie and W. F. Erskine. It is intended to have meetings once a month open to the public. The society promises to have debates, readings, essays, etc., etc.

At the annual meeting of the Carbery curling club the following were elected for the ensuing year: President: Mr. Hope, sr.; re-elected; 1st vice-president, Mr. Gilbert; 2nd vice-president, Jos. Dr. Simpson; secretary-treasurer, William Dr. Simpson.

### MORDEN.

Building Operations—Alloway to Start a Bank.

W. F. Alloway, of Alloway & Champion, when here with a view to opening up a bank.

The amount of wheat being marketed is increasing. Prices for No. 1 hard, which is \$1.00 yesterday rose to \$1.05. Before giving, McMillan and McLean, these other buyers, amongst whom are James and William Beech.

Building operations continue despite the inclemency of the weather. Mr. Cowil is putting a large pump factory. A curling rink will be formed and a rink will be in course of erection. A. McLean, proprietor of the Commercial hotel, makes extensive additions and improvements. Garrett & Mennies purpose erecting a large building to be used for engine and machine business. Taylor, Auld, Dafoe and Pickle are building new dwelling houses.

In consequence of the large amount of wagons and taken across the boundary, mounted police have been stationed here, and another at Manitou.

## THE PARRELL COMMISSION.

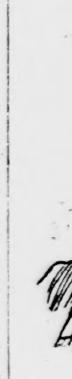

MR. JUSTICE DAY.

MR. JUSTICE JAMES HANNON, PRESIDENT OF THE COURT.

MR. JUSTICE A. L. SMITH.

MR. JUSTICE A. L. SMITH.

Though neither so pleasant nor so popular as the president of the commission, there is no denying the possession of exceptional ability to Mr. Justice Day. He is troubled with an irritability of temper that amounts almost to infirmity, and this fact, together with a dark and dismal countenance, has gained him a reputation in the courts which is far from enviable. But the people who know least about him are his severest critics. Those who can claim to be intimate acquaintances are much more considerate. They speak of him as a devout and kindly man, an agreeable companion, and a genial host. And what is vastly more to the point, they describe him as scrupulously fair and straightforward in his dealings. Sir John Day comes of a somewhat mixed stock, and this fact may account in some degree for the stolidity and sombreness of his face. He was born at the Hague in 1826—his father being a captain of the 49th regiment, and his mother a daughter of Jane Cooper Hartsink. The first part of the boy's education was obtained at Fribourg; but after an intermediate course in the Benedictine college of St. Gregory, near Bath, he graduated B. A. at London University. Having entered the Middle Temple, he was called to the bar in 1849; and, despite a curiously mumbly style of speech, soon acquired gratifying recognition for his success with the juries. Fame and fortune quickly followed, and for many years he held a leading position in legal ranks. In 1872 he was made a Queen's Counsel; and a year later was elected a bencher of his Inn. He was appointed a judge of the Queen's Bench in 1882—as successor to Mr. Justice Bowen—and in 1886 he presided over the commission which ensued into the unfortunate riots in Belfast. Though admirably suited for the undertaking—both as a strict Catholic, and as a judge originally chosen by the Liberals—he managed to offend the Nationalist leaders, and thus paved the way for the bitter party attack to which allusion has already been made. As a lawyer, Sir John

is properly regarded as a high authority, and some of his legal works are not only well known, but extensively used amongst professional brethren.

Sir James Hannon, the president of the special commission, is looked upon as the bear ideal of a judge. Calm in speech, equal in temper, gracious and conciliatory in demeanor, he wins the confidence of both litigants and counsel, and his knowledge of the law is unsurpassed by that of any colleague. Though nearly seventy years of age, he is still hale, hearty and handsome, and gives his decisions as promptly and clearly as at any time during his career. He is the son of a London city merchant, and was born at Kingswood, Surrey, in 1821. After prosecuting his studies at St. Paul's school—a dingy looking edifice at the east end of Wren's famous cathedral—he was sent to Heidelberg university, and there acquitted himself with much distinction. On returning to England he manifested a strong inclination for press work, and not unfrequently contributed to the columns of the Morning Chronicle. But turning his attention closely to legal pursuits, he was called to the bar at the Middle Temple, in 1848, and travelled the home circuit. He was early brought in contact with Mr. Edwin James, and gained considerable experience as "devil" for that distinguished advocate. Within five years the young barrister had made his mark, and in 1853 was employed in the settlement of certain outstanding claims between Great Britain and the United States. After the completion of this duty, he speedily began to acquire fame as a commercial and bankruptcy lawyer, and was continually engaged in intricate and eventful cases. In due course he became counsel to the treasury, and, at the end of some years of valuable work as an associate of the then Attorney-General, he was rewarded with a Queen's bench judgeship in succession to Mr. Justice Shee. This was in 1868, or exactly twenty years after his call to the bar. When Lord

Penzance left the divorce court, in 1872, Sir James Hannon took his place, and preference to the privy council at once granted. In 1881 he became a member of the newly constituted court of appeal, and now ranks as fourth in importance in the judicial rotunda.

Mr. Justice Smith is the youngest commissioner, and nearly, if not absolutely, the youngest occupant of the judicial bench. He is sharp, shrewd and business-like, and can solve a knotty problem or deliver a reliable judgment in fewer words than any of his colleagues. He is not a great talker himself, and there is a merry twinkle in his eye which somehow checks veracity in others. Members of the bar seem to realize that their points are understood, if not always appreciated, and they are beginning to learn that useless attempts at further elucidation will be quietly but firmly prevented. Though less than five years a judge, Sir Archibald Smith has come to be regarded as one of the clearest-headed members of a distinguished fraternity, and his unfailing courtesy has caused him to be universally liked. He is a native of Chichester, having been born there in 1836, and was educated at Trinity College, Cambridge. He had taken a B. A. degree and been called to the bar before he was twenty-four years of age, and his subsequent career has been equally promising. He was in possession of a lucrative practice, in 1878, when some of Lord Beaconsfield's officials induced him to become junior counsel to the treasury. In 1883, the Gladstonian Lord Chancellor was equally impressed by his merit, and honored him with a place on the judicial bench. Few men have earned promotion better, or have done more to justify the wisdom of their ministerial nominators. Whether taken individually or collectively, the special commissioners are men of great skill, wide experience, and undoubted integrity, and men who may be trusted to retain if possible the public confidence they have already won.

present, and this week quite a little stir has been made by the competition. Yesterday \$1.12 was the top of the market. People here would like to take a club and reach for the man who reported that wheat was only 70 cents here. Such a thing is absurd, as the price has been kept up with Brandon markets, and it is the intention of the buyer to keep it so.

Major Head's lot of thoroughbred Clydesdales arrived from Ontario last night, being brought through from the Portage by special train. They were in fine condition, and are all superior animals. They were purchased from Sooty Bros., of Guelph. Mr. Head intends to keep them for breeding purposes. He has fitted up a good stable and yard for their accommodation. With the horses came some Holstein cattle, purchased by D. McNaught during his recent visit to Ontario. Those gentlemen deserve credit for their enterprise in bringing in high-class stock.

Bishop Grandin returned last Tuesday night from his pastoral visit to northern missions. His Lordship visited Lac la Biche, Onion Lake, Frog Lake and other places. At Frog Lake they exhumed from the place they were buried by the soldiers, the bodies of Fathers Farad and Marland, the two priests massacred by the Indians in 1885, with the intention of burying them in the churchyard. But as they found they were in perfect state of preservation they did not move them. We believe that Bishop Grandin will remain the winter at St. Albert.

Dr. H. C. Wilson, M.L.A., Frank Oliver, M.L.A., of the Bulletin, and Mr. Cummings, of the H. B. service at Fort Simpson, were passengers on Thursday's outgoing stage. Messrs. Wilson and Oliver go to Regina to attend the Northwest assembly, which meets on Wednesday next, and Mr. Cummings goes on a visit to Ontario.

Reported on Sunday morning last a detachment of police on the lookout for George Godin on Stoney Plain, exchanged several shots with him or friends of his, without however, any damage on either side. It is also said that the Blackfeet Indian who was with George, and by some is thought to be still with him, is Deerfoot, who stood off the police last year near Gleichen.

Rev. C. E. Somerset, Methodist missionary at Bear's Hill, visited Edmonton this week. He preached morning and evening last Sunday in the Methodist church. The Indians of Bear's Hill and vicinity are progressing in civilization, and are fairly well contented. Crops are good with them, and they are in good health. The Wolf Creek Stonies still have considerable sickness among them.

Last week as W. Stephens and J. Donald, of the south side, were looking for horses in the woods of the Beaver hills, they found a bear's hole with the proprietor at home. They procured a gun and fired two shots into the hole at the bear. They were rather surprised, instead of finding a dead bear in the hole, to see two exceedingly lively bears jump out and make for them with business intentions. One of the bears, the old one, was wounded, and the pace that the two hunters struck on her appearance soon made it apparent to her that pursuit was hopeless. She therefore gave up and withdrew from the field, accompanied by her year and a half-old cub. When the hunters had the opportunity to examine the scene of the encounter, they found that

doubtedly have been killed. As it is his face and head were badly cut, though he received no serious or permanent injury.—Macleod Gazette.

### GLENDALE.

Fall Plowing—Wheat Yielding Well.

The farmers in this vicinity have their fall plowing all done, most of their threshing done. Wheat is turning out about twenty bushels to the acre.

The dreaded season for prairie fires is past, and the people feel relieved.

Wheat brings a good price, and most every farmer that has threshed is drawing wheat to Neepawa, which makes it pretty lively in that town.

At THE PROGRESS Printing Office; in the Town of Qu'Appelle, Assiniboia, Canada.

Subscription price: \$1.00 per annum, invariably in advance; single copies 5 cents.

The publisher reserves the right to refuse to insert advertisements of a questionable or objectionable character.

Address, JAMES WEIDMAN,  
Qu'Appelle Station, Assin.  
E. J. WEIDMAN, Proprietor.

When we enlarged THE PROGRESS to eight pages we had the inside four pages printed at the Sun office, Winnipeg, on the patent ready print plan, similar to the Regina Leader, Journal, Moosomin Courier and other weekly papers. The Sun solicited our order and we gave it after due consideration. We are now informed by the Sun Co. that they will have to stop printing the patents on account of having to print a noon edition of their daily to meet the trains since the change of time in the C. P. R. service. Though very much discommoded by the change, we will continue to supply our readers with eight pages.

### PROHIBITORY ALLIANCE.

The second annual meeting of the Northwest Prohibitory Alliance was held at Regina, on the 7th and 8th inst.

There were present delegates representing Branches of the Northwest Prohibitory Alliance, Lodges of the Sons of Temperance, the Royal Templars, Good Templars, W. C. T. U., and public meetings. The delegates hailed from all parts of the Northwest Territories, including Carlisle on the southeast, Broadview on the east, Calgary on the west, and Edmonton and Prince Albert on the North.

The President of the Alliance, Mr. G. H. V. Bulyea, of Qu'Appelle, called the meeting to order a few minutes after 10 o'clock on Wednesday morning.

The minutes of the first annual meeting on the 22nd November, 1887, were read by the Secretary, Mr. James Weidman, and on motion confirmed.

The Committee appointed at the first annual meeting to draft a memorial to the Dominion Government reported having sent the following memorial:

To His Excellency, The Most Honorable The Marquis of Lansdowne, G. C. M. G., in Council.

The memorial of your petitioners humbly showeth that whereas the Northwest Territories Act prohibits the manufacture, importation and sale of intoxicating liquors except by the special permission of the Lieutenant-Governor, and

Whereas such prohibition was widely advertised both in the older Provinces of Canada and Europe, and many settlers have located here because of such prohibition, and

Whereas it has been found that such prohibition has greatly limited the use, and therefore, the injurious effects of liquor, and

Whereas the Northwest Council at its last session adopted a certain memorial to be laid before Your Honourable Council praying that the said clauses be repealed and that the power of licensing the manufacture and sale of liquors be placed in the hands of the future Legislative Body for the Territories, and

Whereas it was the unanimous opinion of a Temperance Convention held at Regina, November 22nd last, and composed of representative men of the various towns from Broadview to Calgary, that such memorial did not express the sentiments of the majority of the people of the Territories, especially as such suggested action would expand the prohibitory clauses of the Northwest Territories Act without first taking the voice of the settlers who came here well knowing that such clauses were in force, and

Whereas at such Temperance Convention resolutions were passed, recognizing the difficult position in which His Honor, the Lieutenant-Governor, was placed, having the responsibility of issuing permits, and holding that the time had now come when the Lieutenant-Governor of the Territories should be relieved of such onerous and trying duties, and that a Commission should be appointed, whose duty it would be to license responsible parties at certain points to sell liquor and spirits in small quantities for medicinal, mechanical and sacramental purposes only, to parties on production of such certificates as Your Excellency may see fit to specify; the parties so licensed to have authority to sell only in sealed packages bearing a Government Stamp, and be required to keep for public inspection a register of all sales—the liquor and spirits so sold to be furnished and the price fixed by the Government through the aforesaid Commissioner and none of the parties named to be allowed a profit from the sales, but to be paid by salary, and

Whereas at such Convention resolutions were also passed praying that Your Excellency in Council may see fit to appoint a Special Detective Force to co-operate with the North-West Mounted Police in regulating and restricting the sale and use of liquor; and appointing a committee to embody all such resolutions in a memorial for

the consideration of Your Excellency in Council, now,

Therefore, we, the said committee, would humbly pray that no action whatever be taken with a view to relaxing the Prohibitory nature of the North-West Territories Act, and that the suggestions as set forth in the resolutions of the Regina Temperance Convention of Nov. 22nd last should have your careful attention.

The memorial was sent to Hon. Mr. Foster, and the Committee had only received a formal acknowledgement of the receipt of the memorial. They had, however, been informed, on what might be considered good authority, that the Dominion Government would be guided by the recommendation of the new North-West Legislature:

Moved by J. G. Turriff, M. T. L., of Carlisle, seconded by Mr. F. Marwood, of Qu'Appelle, that the report be received and adopted.

The Committee appointed at the first annual meeting to prepare and circulate a petition to the Dominion Parliament, reported that they had circulated a petition through the mails, and had obtained 2143 signatures of electors in a very short time. The petition was as follows:

Whereas the North-West Council at its last Session memorialized the Governor-General-in-Council with reference to the liquor traffic, praying in effect for the expunging of the prohibitory clauses from the North-West Territories Act contrary, we believe, to the wishes of the people of these Territories, and

Whereas the expressed intention of the Act at its passing was prohibitive, except for medicinal, scientific and sacramental purposes,

Therefore we humbly pray that it be so amended as to express more clearly the original intention, and that there be no relaxation, such as the granting of licenses for the manufacture and sale of beer or any other intoxicant.

And your petitioners as in duty bound will ever pray.

The committee further reported that the petition was very favorably commented upon by the eastern press.

Moved by Rev. Mr. Betts, of Calgary, seconded by Mr. Collett, of Moose Jaw, the report be received and adopted.

The President submitted a copy of a memorial sent by the Executive Committee to the Dominion Government which was as follows:

The memorial of the Executive of the North-West Prohibitory Alliance humbly showeth:

Whereas a report is current that Your Honorable Government have taken into consideration the memorial of the North-West Council and the memorial of the Regina Temperance Convention of Nov. 22nd, 1887, have decided to make no change at present in the Prohibitory law now in force in the Territories, but would be guided by the advice that might be given on the matter by the new Legislature that shall be elected during the coming summer, and

Whereas it is considered that the Temperance question is thus to be made an issue among others in a political contest, and

Whereas it is considered that it would be impossible that the result of the approaching elections would represent the true strength of the Temperance sentiment in the territories as it would be impossible to prevent political, sectional and personal issues from entering into such contests, and

Whereas your petitioners deem it very important that a direct vote of the people on this question should be taken before any relaxation should be made in the Prohibitory nature of the North-West Territories Act.

Therefore, we, your memorandists, would earnestly pray that Your Excellency in Council may see fit to direct that on the same day on which the elections shall be held for the North-West Council, to grant that a plebiscite may be taken as between a license for the sale of intoxicating liquors and the Prohibition of the manufacture, importation, and sale of intoxicants, except for medicinal, scientific and sacramental purposes; and we most strongly protest against the result of any other than a direct vote upon this question, being taken as final or decisive.

The President presented a copy of the following telegram which was signed by himself and the Secretary, addressed to the Right Hon. Sir John A. Macdonald.

The North-West Prohibitory Alliance presents most emphatically against Lieutenant-Governor Royal granting permits for the sale of beer. Members of new Legislature almost unanimously pledged against any relaxation without vote of people."

The following is a copy of the reply received from the Leader of the Government:

"Your course is to make representation to Lieutenant-Governor and to North-West Legislative Assembly when it meets."

The foregoing memorial and telegram were received with hearty expressions of approval by the meeting.

Rev. Mr. Urquhart from the Committee appointed by the Executive to wait on His Honor Lieutenant-Governor Royal, to protest against the permits to sell four per cent beer, reported that the committee had waited upon His Honor as directed. In addition to protesting against the beer permits, the committee endeavored to ascertain the powers of the Legislature, and the action His Hon-

or proposed to take pending the result of the decision of the people if a plebiscite vote should be taken.

His Honor stated that he saw no objection to the Legislative Assembly taking a vote if they decided to spend a portion of Territorial revenue in that way, and that his own action would be largely governed by the action of the Legislature, the Advisory Board and circumstances.

On the motion to adopt the foregoing report a discussion arose in which a number of the delegates strongly condemned the Lieut. Governor for the issuance of the four per cent beer permits.

Mr. Atkinson moved, seconded by Rev. Mr. Nicoll, that Rev. Messrs. Beets, Urquhart, Gregory, Andrews, Mrs. Andrews, Messrs. Thompson, Turriff, the President and Secretary be a committee on Resolutions.

The meeting then adjourned till 19.30 o'clock.

WEDNESDAY EVENING SESSION.

The President called the meeting to order at 19.30.

The minutes of the morning session where read and approved.

Moved by Rev. Mr. Betts, seconded by Mr. Thompson,

Whereas the permissive clause of the North-West Territories Act has been found by experience to be capable of too wide an interpretation, and has been made the basis of a system which has greatly impaired the effective operation of the law in prohibiting the manufacture, importation and sale of intoxicating liquors, in consequence of which the working of the Act has been found unsatisfactory.

Whereas efforts have been and are being made to introduce the license system into country, and

Whereas, in the opinion of this meeting, such an important change should not be made without first submitting the question to a vote of the people, and

Whereas it is considered by this meeting that a law prohibiting the manufacture, importation and sale of intoxicating liquors as a beverage would more materially advance the general interests of our country than any form of license law.

Therefore, resolved, that the North-West Legislature now in Session be requested to submit the question of Prohibition or license to the people at the polls at the earliest possible date, and to recommend the Dominion Government to provide such Legislation at the approaching Session of Parliament as will be in harmony with the wishes of the people as expressed by said vote.

The foregoing resolution was considered clause by clause, and elicited much discussion, in which several members of the Legislative Assembly took part. It was finally carried without amendment.

The meeting then adjourned till 10 o'clock on Thursday.

THURSDAY MORNING SESSION

The President called the meeting to order at 10 o'clock.

Moved by Rev. Mr. Andrews, seconded by Rev. Mr. Gregory, and Resolved that the Secretary transmit the following memorial to His Honor Lieutenant-Governor Royal.

To His Honor the Lieutenant-Governor.

Your memorandists most respectfully and most emphatically desire to express their very deep regret that Your Honor has allowed the issue of temporary permits to sell beer containing four per cent of alcohol, the more especially as at the recent elections a large majority of members were elected under the distinct pledge that they would not favor license until a vote of the electors had been taken on the question of license or prohibition.

Your memorandists would therefore most respectfully pray that such permits to sell may be discontinued until the question be definitely decided by a vote of the people.

Moved by Rev. Mr. Betts, seconded by Mrs. Andrews, That this North-West Prohibitory Alliance, desire to express its high appreciation of the support given to the cause of Prohibition by a large portion of the Dominion press, to the Dominion Prohibitory Alliance and other Temperance bodies in the Eastern provinces, who have so decidedly expressed their disapproval of the action of the Lieut. Governor of these Territories in granting a license for the sale of liquors to the Banff Hotel, and permits to other hotels throughout the Territories for the sale of beer containing four per cent of alcohol, without first laying the subject before the people or even waiting for the expression of the newly elected Legislature.

Moved by Rev. Mr. Betts, seconded by Mrs. Andrews, That this

North-West Prohibitory Alliance, desire to express its high appreciation of the support given to the cause of Prohibition by a large portion of the Dominion press, to the Dominion Prohibitory Alliance and other Temperance bodies in the Eastern provinces, who have so decidedly expressed their disapproval of the action of the Lieut. Governor of these Territories in granting a license for the sale of liquors to the Banff Hotel, and permits to other hotels throughout the Territories for the sale of beer containing four per cent of alcohol, without first laying the subject before the people or even waiting for the expression of the newly elected Legislature.

Steps were taken with a view of organizing the Prohibition vote of the Territories.

Votes of thanks were passed to the C. P. R. for reduced fares, to Judge Richardson and Sheriff Benson for the use of rooms in the court house, to the Press for having reporters present, and to the President and Secretary-Treasurer for the efficient manner in which they had performed their duties.

The Alliance adjourned to meet at the call of the Executive.

#### NOTES AND COMMENTS.

A family named Scott lives in Down township. Scott was in the habit of getting intoxicated when in town and going home and abusing his wife shamefully. On the night of the 8th she procured an axe or a club, and going to bed beat him to death with it. She is insane.

Among the election bets in Indiana was that of the young lady who, having no money to put up, staked herself against \$100. If the young man lost, he was to pay her the money. If she lost, she was to marry him. Whether that was an even bet or with odds, probably the other party to it was the best judge.

The higher humanity rises in benevolent civilization the more legislation takes cognizance of conduct, with special view to rightful personal perfect liberty, to even risk making himself a pest, a nuisance, a menace, or a burden to society. Nor is it consistent with liberty or good citizenship to carry on a business, the inevitable outcome of which is found to be manifestly and tyrannically detrimental to the common best interests of the community.

The Washington Evening Star has published the following:—"The departure of Lord Sackville and family from Washington will take place about the end of the present month. It is interesting to know the circumstances which led to the inditing of the unfortunate Murchison letter. It was a dismal autumnal day at Beverly farm. Without it was cheerless and uninviting and within it was comfortless and lonely. The beautiful daughter who presided over the father's household was absent on a visit to Mrs. Whitney, in the Berkshire hills. In sheer desperation of isolation Lord Sackville took himself to disposing of mass of correspondence which had accumulated on his hands. Among the letters was the epistolary bomb which was exploded with force sufficient to sever not only the official intercourse between two great nations but to attract the attention of the diplomatic centers and circles of the civilized world. The letter was plain and an apparently straight forward document of enquiry and in pursuit of light—just such as a person would feel like answering when shut up in a beggared, rain bespattered country abode. The answer was penned and marked "private" and went off in the mails of that day and nothing more was thought of it until the reverberations of its explosions in print were heard from the distant shores of the Pacific."

#### FARMERS.

Farmers should take an agricultural paper, and when they can get it weekly for a whole year by sending us 25 cents in addition to their regular subscription to this paper no one should neglect it. FARM AND FIRESIDE is published weekly and the subscription price is 75 cents a year, but by a special agreement with the publishers we have secured this low rate for our subscribers. Send in your 25 cents to us now.

The next day we heard all about what was the "matter" with Tanner! He had been arrested in Marysville upon a charge of stealing provisions and other miners' supplies by the wagon load!

In those primitive days of California there was a Statute which sanctioned the infliction of the death penalty for grand larceny, if the trial jury so elected in its verdict. That the law would be enforced in its full rigor in Tanner's case, seemed to us hardly probable. But the jury that tried him thought differently, and rendered a verdict closing with the ominous words: "Guilty of grand larceny, punishable with death."

The doomed man's attorney fought bravely for the life of his client. The case was appealed from the Court of Sessions to the District Court, and from thence to the Supreme Court. By these proceedings the prisoner only gained reprieve of about two months.

On a bright sunny July morn the condemned man opened his eyes to behold the light of his last earthly day. The dawning rays of that day's sun, sinking west behind the western mountains, kissed a new raised mound, marked by a board upon which was inscribed, "George Tanner."

Since the event narrated, over thirty years have been added to recorded time; and of the present generation, there may be those who will question that the death penalty was ever inflicted in California, by judicial decree, for the crime of larceny. If there are any such, we, in vindication of the accuracy of our narrative, refer them to "The People vs. Tanner," second volume of California Supreme Court Reports.

#### The Things That will Pay.

We might imagine a man looking over his final accounts and reading there of thousands expended in building blocks and dwellings, and nothing devoted to the everlasting habitations which only the blessed shall enter. We might imagine a man spending his millions for railways, steamships, manufactures, merchandise and mines, all of which would be left behind; while perhaps among the accounts we might discern the record of a single penny that had been used in sending forth a tract which has saved a soul; a sixpence spent in encouraging and instructing a little child, who growing to manhood had electrified the world with his works, and won many souls into the kingdom of God; or a shilling spent in feeding a hungry soul, and saving a useful life. How easy it would be to see in the light of the great beyond, that a penny thus expended might be more fruitful of blessing, satisfaction and reward, than millions expended in the luxury, the business, or the merchandise of this world.

The things that will pay are the things done for God.

#### Too Many Weddings.

Bishop Whitaker has deposited from the ministry of the Protestant Episcopal Church, at his request, Rev. J. J. Sleeper, who has been marrying so many couples in Camden, N. J.

The investigations of M. Balland indicate that flour becomes unwholesome after long keeping in sacks, alkaloids being formed in consequence of the acidity of the old flour during the transformation of gluten under the influence of the natural ferment of wheat. Traces of the alkaloids are found in flour a year or a year and a half old, but are more marked in that which has been ground two or three years.

## TELEGRAPHIC.

Sir John and Other Ministers Discuss Effect of Cleveland's Defeat.

Generally Believed to be Favorable, Rather Than Otherwise to This Country.

O'Connor Puts up His Stake for a Race With Teemer.

MONTREAL, Nov. 8.—Oswald de Normandy Commandant, a leading member of the New York bar, will be married at St. John Evangelist's church this evening to Miss Maude Church, daughter of Hon. Justice Church. The affair will be one of the social events of the season. The eldest daughter of Andrew Allan will be married to W. V. Meredith, assistant general manager of the Bank of Montreal, on Wednesday next.

OTTAWA, Nov. 8.—The excitement over the presidential election still continues. Grover Cleveland is getting little sympathy, and politicians say there is not the slightest doubt that he had the moral support of a majority of Canadians irrespective of politics prior to his action in the Sackville-West affair. Lately there has been an almost complete revolution of feeling in favor of Harrison and the Republicans. Most people think they entertain the most friendly sentiments towards Canada.

Sir John Macdonald said: "I have no reason to believe the Republicans are hostile to Canada. They favor the adoption of a protective tariff not unlike our own. There is no great urgency in settling the fishery question. The fishing is over for this year and operations will not be resumed until next year."

Hon. G. E. Foster said: "It is impossible to forecast what line the Republicans will adopt in their relations with Canada. As to the fiscal policy and the fisheries I have no reason to think the administration of Harrison will be anything else but friendly towards Canada, and that opinion is backed by Harrison's letter of acceptance."

Mackenzie Bowell, Minister of Customs, says: "No reasons exist why the good relations existing with Canada before the election day in the matter of the settlement of international questions should not continue. The last administrative record of Republicans does not show them to be unfriendly towards the Dominion. I feel certain Cleveland's retaliatory measure and the New York Herald's article regarding the President's treatment of Sir Lionel West assisted the Republicans."

The Evening Journal says: "It may be that a Republican victory saves Canada some immediate trouble. The Democrats were so committed to the retaliatory principle, to say nothing of the embroilment of the Democratic executive with Great Britain by the Sackville business, that a little fiction might have necessitated Cleveland's enforcement of retaliation. We don't think the Republicans are any more friendly than the Democrats, nor even as much so, but they at least can enter into fresh negotiations with Great Britain or Canada without going back on any official record. After all, the so-called 'Irish vote' does not appear to have had any effect on the election. The election was decided by New York state, and New York state was decided by an increased Republican vote in the country districts—that is, among farmers and villagers where the Irish vote is not decisive."

SHERBROOKE, Nov. 9.—In the investigation into the Lily Powell case yesterday, Mrs. Schneider testified that the prisoner, George Allan, told witness that he had been to Sherbrooke a few days before the murder, and had heard that Lily Powell's father had given a man \$300 to take care of Lily. The witness said, "You don't mean that it was to kill her." He answered, "To make away with her." The prisoner was remanded, and the investigation adjourned till Saturday. The following is the circumstantial evidence upon which Allan was arrested: Since the investigation against George Allan, told witness that he had been to Sherbrooke a few days before the murder, and had heard that Lily Powell's father had given a man \$300 to take care of Lily. The witness said, "You don't mean that it was to kill her." He answered, "To make away with her." The prisoner was remanded, and the investigation adjourned till Saturday.

CORNWALL, Nov. 8.—Daniel McKay, of the township of Cornwall, was found lying dead on the G. T. R. track this morning two miles of this place. No marks of violence were discernible on the deceased's person, except an abrasion on the hand. He had not been run over by a train. An inquest will be held.

QUEBEC, Nov. 8.—About forty Scotch mechanics from the Clyde shipyards are to be brought out to work on the steamship "Bratsberg."

BROCKVILLE, Nov. 9.—Michael Russell is in jail here for robbing the house of James Russell, near Lansdowne, and outraging his daughter, aged forty years. The fellow, who used to work for Russell, entered the house, gagged the woman, demanded money, and was given it. Twice he dragged her through various rooms. Finally he captured \$80. He then threw Miss Russell on the bed with fiendish designs, but desisted after a fierce struggle. Before leaving he dragged the thoroughly frightened girl to a closet, where he locked her in. She speedily secured her freedom and alarmed her brothers, but it was several days before the villain was arrested. Miss Russell is positive in her identification of her assailant. Lappin is 22 years of age. Several times Miss Russell took hysterical spells while giving evidence in court.

OTTAWA, Nov. 9.—Lord Sackville will pay a visit to the Governor-General here before returning to England. He is connected with the Stanleys by marriage.

OTTAWA, Nov. 9.—The Governor-General to-day sent a congratulatory despatch to the Prince of Wales, whose 47th birthday it is.

MONTRAL, Nov. 9.—A number of local deputations waited on Premier Mercier to-day, including the governors of the Protestant

morning express going south from Montreal, and went to Coaticook. When High Constable Moo arrived at Coaticook by the evening train on the same day he found Allan and Algie Worthen at the station in the waiting-room, apparently waiting for that very train. Allan had a valise in his hand, and there were two parcels on the seat beside him. High Constable Moo arrested them and brought them to Sherbrooke.

MONTREAL, Nov. 7.—A sensation has been caused here by the arrest of Adelard Noel, who will be brought before a magistrate on a charge of using threatening language to Mr. C. E. Soraty, who was once Under Minister of Finance in France and at the same time president of the Bank of Lyons. He is now among the colony in Canada, where circumstances force him to stay. As president of the Bank of Lyons he declared that the reserve fund was in gold, when, in reality, it was in bonds of the Union Generale, which at that time were at par. When the Union Generale went under so did the Bank of Lyons.

Soraty was arrested, but escaped to Canada, taking with him, it is said, something like 1,000,000 francs. He also carried with him the wife of his private secretary, so the story goes, and settled here, where for the past few years he has devoted himself to literary work. Adelard Noel, who styles himself head of the Paris police securities, on Saturday walked into the Soraty villa at Maisonneuve, and with revolver in hand threatened to be avenged on both Soraty and the woman who ran away with him from France, leaving her husband behind to die of a broken heart. Mrs. Soraty rushed upstairs to give an alarm and the man fled, after which it was discovered that the outside of the house had been plastered over with small placards bearing such words as "Betrayal," etc. The next time Noel came on vengeance bent he walked into the arms of a policeman. If the case is pushed in court some interesting revelations are expected.

OTTAWA, Nov. 8.—There is open war in Ottawa ladies' college. The teachers refused to sit at the table with pupils, and yesterday the principal, Rev. Mr. Scott, refused to give the former any dinner. Their resignations followed.

QUEBEC, Nov. 8.—A terrible discovery has been made at La Jeune Lorette. In cleaning out a reservoir there of the city waterworks, the bodies of nine newly-born infants were found in the bottom, suggesting as many murders.

GUELPH, Nov. 8.—The fall assizes were continued here yesterday, Judge McMahon presiding. In the case of Watts vs. Tighle, an action to recover damages for seduction, the jury gave a verdict for the plaintiff of \$700.

TORONTO, Nov. 8.—W. O'Connor, the Toronto oarsman, has now put up his entire stake of \$1,000 for a race with Teemer for the championship of America.

QUEBEC, Nov. 8.—The Ottawa government has, it is said, notified the steamship lines that immigrants must be booked for and landed at this port.

ST. JOHN, N.B., Nov. 9.—The dismissal of the holiness ministers from the Free Baptist church has led to the formation of a new religious denomination. The disfellowship ministers have held a conference at Woodstock. The discussion lasted three days, and resulted in a doctrinal statement and a new organization and creed nearly on the line of the Free Baptist doctrine, but it affirms the doctrine of entire and instantaneous sanctification, and accepts other forms of baptism than immersion. The ministers who took part in the work of organization numbered thirteen, and they have already ordained three more. The sect will take the name of the Reformed Baptist, and the ministry and all offices of the church are open equally to men and women.

TORONTO, Nov. 8.—Policeman Veitch, of this city, has entered an action for \$441 against Sir Adolphe Caron. Veitch claims this sum as pay due his son, who was a member of "C" company, and who died at the new fort after the company had left for the Northwest rebellion in 1885. The Minister of Militia, it is understood, refused to pay young Veitch's allowance during his illness, and while the company was at the front.

CORNWALL, Nov. 8.—Daniel McKay, of the township of Cornwall, was found lying dead on the G. T. R. track this morning two miles of this place. No marks of violence were discernible on the deceased's person, except an abrasion on the hand. He had not been run over by a train. An inquest will be held.

QUEBEC, Nov. 8.—About forty Scotch mechanics from the Clyde shipyards are to be brought out to work on the steamship "Bratsberg."

Lappin is 22 years of age. Several times Miss Russell took hysterical spells while giving evidence in court.

OTTAWA, Nov. 9.—The Governor-General to-day sent a congratulatory despatch to the Prince of Wales, whose 47th birthday it is.

MONTRAL, Nov. 9.—A number of local deputations waited on Premier Mercier to-day, including the governors of the Protestant

and Insane asylum. The latter received from the Premier an assurance that the balance of the government grant would be paid at once.

MONTREAL, Nov. 9.—The half-yearly statement of the Bank of Montreal, issued to-day, shows net profits of \$750,000, being a little under 6 per cent. on the capital. The brokers consider this a poor showing.

QUEBEC, Nov. 9.—Hon. C. H. Tupper, Minister of Marine, and his deputy, left for Ottawa last night. The former was entertained at dinner by some friends at the Garrison club prior to his departure. Sir Hector also left last night.

QUEBEC, Nov. 9.—Hon. J. G. Brosse, who is about absenting himself in France for a lengthened period, has, it is said, placed his seat in the legislative council at the disposal of Premier Mercier.

QUEBEC, Nov. 9.—It snowed heavily here last night and there was about six inches of "the beautiful" on the ground this morning, and sleighs were running.

ALVINSON, Nov. 8.—The Gleuelg flour mills, owned by Wm. & J. G. Greey, Tooro, were burned. Loss \$20,000; partially insured.

DRESDEN, Nov. 8.—A family named Scott lives in Townhouse, Scott was in the habit of getting intoxicated when in town and going home and abusing his wife shamefully. Last night she procured an axe or a club, and going to bed beat him to death with it. She is insane.

TORONTO, Nov. 8.—W. A. Werril, barrister, narrowly escaped death by poisoning to-night. He took a dose of medicine in a drug store and shortly afterwards became ill. The doctor administered antidotes and used a stomach pump, and, after considerable skill, succeeded in saving his life.

TORONTO, Nov. 8.—John Kennedy, an insane Rochester, N.Y., machinist, met Police-man Walsh on his beat to-night, and without provocation opened fire on him with a revolver. Kennedy fired two shots, and Walsh replied once. Kennedy then fired two more and endeavored to run, but could not, owing to Walsh's shot having taken effect in the right leg. Walsh was uninjured.

QUEBEC, Nov. 10.—A snowstorm and gale which in severity has seen few equals, even in winter, set in late yesterday afternoon and continued until noon to-day. It extended over the whole of Quebec and the maritime provinces. Dispatches from Lower Quebec say that two and a half feet of snow have fallen all along the Lower St. Lawrence. Serious fears are entertained of a large loss of life among the fishermen on both shores of the gulf. At L'Islet, forty-three miles below Quebec, the snowstorm was reported so thick that the lighthouse at the point could not be seen fifty feet away, and fog signals could not be heard. A gale of wind was blowing all night, and continued this morning, waves washing clear over the island, endangering the structure at Riviere Du Loup and Farther Point. It is said that a fleet of vessels is anchored there, among them the Liverpool steamer Sardinian. At Cape Magdalen, the Beaver line steamer Lake Ontario for Liverpool was reported passing this morning with two boats gone. The telegraph wires are down and trains are delayed snow. Communication with the Gulf signal station is practically impossible. The government lighthouse tender Napoleon set out this afternoon to patrol the coast and succor the wrecked or derelict vessels. It is feared to morrow there will be a fearful tale to tell of loss of life among gulf fishermen.

QUEBEC, Nov. 10.—Two young men from St. Eustache, Tancrède Laviolette and C. Savard, left for a shooting trip on Friday afternoon. Three young men from Olka went out shooting, and while passing the bay they found young Laviolette on the shore nearly drowned. He died this morning. Nothing has been seen of his friend, and he is believed drowned.

WINDSOR, Nov. 10.—It is again stated here that the C.P.R. is negotiating for the purchase of the Great Western division of the G.T.R. from Komoka to Windsor. A well-known railroad man said last night: "I know positively that the C.P.R. officials have been for a month past trying to buy the Great Western. Two weeks ago there was only a difference of \$450,000, and this is a mere barrelle, when the magnitude of the road is taken into consideration. The Grand Trunk leased the Western with the hope of forever shutting out the C.P.R., and it is a loss to them; besides they have another road running into Detroit. Now that they see the C.P.R. is bound to come to the gulf they will get rid of the Western as soon as possible.

Two weeks ago there was only a difference of \$450,000, and this is a mere barrelle, when the magnitude of the road is taken into consideration. The Grand Trunk leased the Western with the hope of forever shutting out the C.P.R., and it is a loss to them; besides they have another road running into Detroit. Now that they see the C.P.R. is bound to come to the gulf they will get rid of the Western as soon as possible.

QUEBEC, Nov. 10.—Two young men from St. Eustache, Tancrède Laviolette and C. Savard, left for a shooting trip on Friday afternoon. Three young men from Olka went out shooting, and while passing the bay they found young Laviolette on the shore nearly drowned. He died this morning. Nothing has been seen of his friend, and he is believed drowned.

ROGERS, Nov. 10.—It is again stated here that the C.P.R. is negotiating for the purchase of the Great Western division of the G.T.R. from Komoka to Windsor. A well-known railroad man said last night:

"I know positively that the C.P.R. officials have been for a month past trying to buy the Great Western. ## FORM OF UNION THANKSGIVING SERVICE, 1888.

**A**LL people that on earth do dwell,  
Sing to the Lord with cheerful voice ;  
Him serve with fear, His praise forth tell  
Come ye before Him, and rejoice.  
The Lord, ye know, is God indeed ;  
Without our aid He did us make ;  
We are His flock, He doth us feed,  
And for His sheep He doth us take.  
O enter then His gates with praise,  
Approach with joy His courts unto ;  
Praise, laud, and bless His Name always,  
For it is seemly so to do.  
For why ? the Lord our God is good ;  
His mercy is for ever sure ,  
His truth at all times firmly stood,  
And shall from age to age endure.  
To FATHER, SON, and HOLY GHOST,  
The God Whom heaven and earth adore,  
From men and from the Angel-host  
Be praise and glory evermore. Amen.

PSALM LXV.

**T**HOU, O God, art praised in Zion : and unto thee shall the vow be performed in Jerusalem.

2 Thou that hearest the prayer : unto Thee shall all flesh come.  
3 My misdeeds prevail against me : O be Thou merciful unto our sins.

4 Blessed is the man, whom thou choosest, and receivest unto thee : he shall dwell in thy court, and shall be satisfied with the pleasures of thy house, even of thy holy temple.

5 Thou shall show us wonderful things in thy righteousness, O God of our salvation : thou that art the hope of all the ends of the earth, and of them that remain in the broad sea.

6 Who in his strength setteth fast the mountains : and is girded about with power.

7 Who stillleth the raging of the sea : and the noise of his waves, and the madness of the people.

8 They also that dwell in the uttermost parts of the earth shall be afraid of thy tokens : thou that maketh the outgoings of the morning and evening to praise thee.

9 Thou visitest the earth, and blesseth it : thou makest it very plenteous.

10 The river of God is full of water : thou preparest the corn, for so thou providest for the earth.

11 Thou waterest her furrows, thou sendest rain into the little valleys thereof : thou makest it soft with the drops of rain, and blesseth the increase of it.

12 Thou crownest the year with thy goodness : and thy clouds drop fatness.

13 They shall drop upon the dwellings of the wilderness : and the little hills shall rejoice on every side.

14 The folds shall be full of sheep : the valleys also shall stand so thick with corn, that they shall laugh and sing.

LET US PRAY.

V. O God, make speed to save us.

R. O Lord, make haste to help us.

**O**UR FATHER, which art in heaven, Hallowed be Thy Name. Thy kingdom come. Thy will be done in earth, As it is in heaven. Give us this day our daily bread. And forgive us our trespasses, As we forgive them that trespass against us. And lead us not into temptation : But deliver us from evil : For Thine is the kingdom, The power and the glory, For ever and ever. AMEN.

V. Pray for the peace of Jerusalem :

R. They shall prosper that love Thee.

V. May the SPIRIT be poured upon us from on high :

R. That the desert may rejoice, and blossom as the rose.

V. That the ransomed of the Lord may return ;

R. And come to Zion with songs, and everlasting joy.

V. In returning and rest shall they be saved :

R. In quietness and in confidence shall be their strength.

V. The work of righteousness shall be peace :

R. And the effect of righteousness quietness and assurance for ever.

*Antiphon.* While the earth remaineth.

PSALM XLVII. *Laudate Dominum.*

**O**PRAISE the Lord, for it is a good thing to sing praises unto our God : yea, a joyful and a pleasant thing it is to be thankful.

2 The Lord doth build up Jerusalem : and gather together the outcasts of Israel.

3 He healeth those that are broken hearted : and giveth medicine to heal their sickness.

4 He telleth the number of the stars : and calleth them all by their name.

5 Great is our Lord, and great is his power : yea, and his wisdom is infinite.

6 The Lord setteth up the meek : and bringeth the ungodly down to the ground.

7 O sing unto the Lord with thanksgiving ; sing praises upon the harp unto our God ;

8 Who covereth the heaven with clouds, and prepareth rain for the earth ; and maketh the grass to grow upon the mountains, and herb for the use of men ;

9 Who giveth fodder unto the cattle ; and feedeth the young ravens that call upon him.

10 He hath no pleasure in the strength of an horse ; neither delighteth he in any man's legs.

11 But the Lord's delight is in them that fear him ; and putteth trust in his mercy.

12 Praise the Lord, O Jerusalem ; praise thy God, O Zion.

13 For he hath made fast the bars of thy gates ; and hath blessed thy children within thee.

14 He maketh peace in thy borders ; and filleth thee with the flour of wheat.

15 He sendeth forth his commandments upon earth ; and his word runneth very swiftly.

16 He giveth snow like wool ; and scattereth the hoar-frost like ashes.

17 He casteth forth his ice like morsels ; who is able to abide his frost ?

18 He sendeth out his word, and melteth them ; he bloweth with his wind, and the waters flow.

19 He sheweth his word unto Jacob ; his statutes and ordinances unto Israel.

20 He hath not dealt so with any nation ; neither have the nation knowledge of his laws.

*Antiphon.* While the earth remaineth, seed time and harvest shall not cease.

*The Chapter. 2 COR. IX. 6 to end.*

*Then shall be said the Nicene Creed :*

**I**BELIEVE in one God the FATHER ALMIGHTY, Maker of heaven and earth, And all things visible and invisible.  
And in one LORD JESUS CHRIST, the only-begotten SON of God, Begotten of His Father before all worlds, God of God, LIGHT of LIGHT, VERY GOD of VERY GOD; Begotten, not made; Being of one Substance with the FATHER; By Whom all things were made; Who for us men, and for our salvation came down from heaven, And was incarnate by the HOLY GHOST of the Virgin Mary, And was made man; And was crucified also for us under Pontius Pilate. He suffered and was buried; And the third day He rose again according to the Scriptures; And ascended into heaven, And sitteth on the right hand of the FATHER; And He shall come again, with glory, to judge both the quick and the dead; Whose kingdom shall have no end.

And I believe in the HOLY GHOST, The Lord and Giver of Life, Who proceedeth from the FATHER and the SON, Who with the FATHER and the SON together is worshipped and glorified; Who spake by the Prophets; And I believe in one Catholic and Apostolic Church. I acknowledge one Baptism for the remission of sins, And I look for the Resurrection of the dead; And the life of the world to come. AMEN.

V. O Lord, exceeding great are Thy mercies ;  
R. And most bountiful Thy goodness towards us.  
V. Offer unto God thanksgiving ;  
R. And pay thy vows unto the most Highest.  
V. O taste and see, how gracious the Lord is ;  
R. Blessed is the man that trusteth in him.  
V. O fear the Lord, ye that are His saints ;  
R. For they that fear him lack nothing.  
V. The Lord of hosts is with us ;  
R. The God of Jacob is our refuge.  
V. Lord, hear our prayer ;  
R. And let our cry come unto Thee.

LET US PRAY.

O God, heavenly Father, Who by Thy Son, Jesus Christ, hast promised to all them that seek Thy kingdom and the righteousness thereof, all things necessary to their bodily sustenance. We thank Thee that Thou hast blessed us with an abundant harvest, crowning the year with Thy goodness and causing the earth to yield her fruit with plenteousness. Draw us, Thy sinful children, nearer to Thee, and make us desire more earnestly to yield implicit obedience to Thy Holy will after this manifestation of Thy Fatherly love and care for us. Suffer us not in prosperity to forget that all the good things which we enjoy, are Thy gracious gifts to us, who are utterly unworthy of the least of Thy mercies ; and grant, O Lord, that if riches increase, we may be delivered from the sin of setting our hearts upon them and that in all we do we may seek only Thy honor and glory of Thy most Holy Name, through Jesus Christ our Lord. AMEN.

Address—Rev. A. Andrews.

HYMN.

**P**RAISE ye the Lord ! 'tis good to raise

Your hearts and voices in his praise ;

His nature and his works invite

To make this duty our delight.

He formed the stars, those heavenly flames,

He counts their numbers, calls their names ;

His wisdom's vast, and knows no bound,

A deep where all our thoughts are drowned.

Sing to the Lord ; exalt him high,

Who spreads his clouds along the sky,

There he prepares the fruitful rain'

Nor lets the drops descend in vain.

He makes the grass the hills adorn,

And clothes the smiling fields with corn ;

The beasts with food his hands supply,

And the young ravens when they cry.

But saints are lovely in his sight,

He views his children with delight ;

He sees their hope, he knows their fear,

And looks and loves his image there.

Extempore Prayer.

HYMN.

**W**E plough the fields, and scatter

The good seed on the land,

But it is fed and watered

By God's Almighty Hand ;

He sends the snow in winter,

The warmth to swell the grain,

The breezes, and the sunshine,

And soft refreshing rain.

All good gifts around us

Are sent from heaven above.

Then thank the Lord, O thank the Lord,

For all his love.

He only is the maker

Of all things near and far ;

He paints the wayside flower,

He lights the evening star ;

The winds and waves obey Him,

By Him the birds are fed ;

Much more to us, His children,

He gives our daily bread.

We thank Thee then, O Father,

For all things bright and good,

The seed-time and the harvest,

Our life, our health, our food ;

Accept the gifts we offer

For all Thy love imparts,

And, what Thou most desirtest,

Our humble, thankful hearts.

Address—Rev. W. G. Lyon.

Prayer.

Collection in aid of hospital.

Hymn 331 to be sung during collection.

Praise God, from whom all blessings flow ;

Praise him, all creatures here below ;

Praise him above, ye heavenly host ;

Praise Father, Son, and Holy Ghost.

Benediction.

—Yesterday was observed as a day of general thanksgiving throughout the Dominion. The weather was stormy in this section.

—Mr. and Mrs. Caswell leave by this morning's train to spend the winter in Colorado. We wish them *bon voyage* and a safe return.

—Mr. G. S. Davidson, our representative in the Legislative Assembly, came down from Regina on Saturday evening. He fears that the financial standing of the Territories is not as good as it should be. He thinks too much money is spent on Government, and there will be too little for general improvement.

—The weather this fall has been such as to prevent our farmers from plowing as much ground as they had wished for. The general determination is, however, to rush in as much as possible in the spring. Though the weather has been unfavorable for plowing, it has put the ground in better condition for next season than it has been for years.

—There was a large attendance at the union thanksgiving service yesterday afternoon in the immigrant building. The service was conducted by Rev. W. G. Lyon (Anglican) and Rev. A. Andrews (Methodist). The choirs of the English and Methodist churches, joined in singing the hymns. The form of the services was mutually agreed upon and printed. We give it in other columns.

—On Friday evening, the 23rd inst., a concert will be given in the Methodist church in aid of the cottage hospital. The chair will be occupied by Rev. A. Andrews. —Mr. Hartley Gisborne has returned from the north. On his way down he had a narrow escape from drowning in the South Saskatchewan at Batsche. The ice was running in the river and the party could not work. Being anxious to get across, Mr. Gisborne tried to paddle over in a canoe. He had most of his personal effects in the front of the canoe and got into the other end himself, and tried to prop the craft with a broken paddle. He managed to navigate about twenty feet when a large cake of ice struck the canoe and threw him out. Being an expert swimmer he managed to reach the shore, receiving only a severe chill. He lost about \$50 of personal effects.

# LOADED

BUT NOT

# Dangerous.

My shelves are loaded with one of the Largest and Most Complete Stock of Goods that ever came to Wolseley in any one season, consisting of:

**Dry Goods, Ready-made Clothing, Boots & Shoes, Groceries, Hardware, Crockery, Glassware, Etc.**

## AND MUST BE UNLOADED

Before the First of January next, and in order to accomplish this I have decided to offer special inducements from this date until the 24th day of December next inclusive.

During my recent visit to Ontario I devoted a large portion of my time in ransacking the wholesale markets for the best values that Cash could procure and am now prepared to take a front seat in the North-west Markets.

I am determined to have my share of the trade tributary to Wolseley if Low Prices, Good Goods and Variety of Choice, will bring the Crowd, feeling confident, from the very large and varied Stock that I carry, that each customer will be able to get every reasonable want supplied and at such prices as ought to cause every customer to go home rejoicing well assured that they have got

**The Best Value that Could be Had for the Money.**  
**WHY DO I MAKE THIS ASSERTION ?**

FIRST.—Because my long experience in the business enables me to know how and where to buy to the very best advantage.

SECONDLY.—A large portion of my Stock was bought for Cash or on 30 days time only, thereby saving the discount. This is a telling advantage over the person who has to pay large sums in the way of interest to the wholesale dealers.

THIRDLY (the keystone).—I am satisfied with a reasonable profit, can afford to take as small a profit as my neighbors and

Don't Allow Anyone to Undersell me in any Legitimate way if I Know it.

## Two Handsome Presents

TO BE GIVEN AWAY.

### FIRST—A LADY'S HANDSOME HUNTING-CASE SOLID GOLD WATCH

Purchased from one of the most reliable wholesale firms in Toronto, valued at \$33.00. This present will be given to the person purchasing the largest amount of goods for Cash or produce from the date of this advertisement until the 24th day of Dec. next inclusive.

### SECOND—AN ELEGANT SILVER CRUET

Will be given to the person who guesses nearest to the number of beans, contained in a jar which will be on exhibition. Any person purchasing \$10.00 worth of goods, will be entitled to a guess. There will be a committee appointed to put the beans into the jar which will be sealed and not opened until Christmas Eve. No one not even the committee, will know the number of beans put into the jar until the seal is broken on the evening of the 24th Dec. Parties competing for this present, will have their names and number registered in a book kept for that purpose.

Parties competing for the Gold Watch, will please take a bill for every purchase they make at the time of purchase. Send or bring them in on or before the 24th December. A day or two must be allowed to sum up the amounts. Every customer must be his own accountant, as by their bill returned I am to ascertain the party entitled to the present.

Persons purchasing produce such as wholesale dealers, will not be allowed to compete for the above prizes.

### THE BEST XMAS PAPER EVER ISSUED IN CANADA.

THE LITERARY MATTER in the CHRISTMAS GLOBE will be entirely original and will include stories from the ablest pens in Canada. The subjects treated being wholly Canadian.

FIVE HANDSOME LITHOGRAPHED PLATES accompanying the paper, the principal one being a scene from Vancouver Park, B.C., from a painting by Mr. J. R. O'Brien, the celebrated Canadian artist.

Mechanically the XMAS GLOBE will be in every way first-class and no expense will be spared in having it surpass anything of the kind hitherto published in this country.

AS THE DEMAND will be very great, we would advise intending purchasers to leave their orders at their newsdealer's or send direct to this office, not later than the end of the present month, as the supply will necessarily be limited and we cannot undertake to print a second edition.

The price has been placed at ONLY 25 CENTS PER COPY.

It is intended to have the edition ready the first week in December in order to allow plenty of time for mailing copies long distances so as to reach destination before Christmas.

THE GLOBE PRINTING CO., Toronto.

THE WEEKLY GLOBE, the best family newspaper in Canada, and THE RURAL CANADIAN, the best agricultural paper in Canada. Both from now to end of 1889 only \$1.25.

Orders taken at Qu'Appelle Medical Hall.
